

Engineering Visions 2024

*A two-week international summer school
at University West in Sweden*

This is an opportunity you don't want to miss – make sure to apply!

Inspirational lectures, workshops, and project work in which you participate, explore, and create technical visions in various areas with a focus on future issues. Students and teachers from several European universities will come together during these two weeks, and 4 ECTS credits is awarded each passed grade.

***Dates: August 19 - August 30, 2024
(excluding travel days)***

You will work in international student groups and reflect on the challenges facing our world today and create engineering visions for a “better world”. You will also develop awareness, sustainability, entrepreneurship, intercultural competencies for industry and society, multidisciplinary and innovations.

Application deadline: May 31st 2024

Reasons to participate:

- *Small time investment*
- *Great experience*
- *Good addition to your CV*
- *Networking opportunities and international networking*
- *Develop your language skills*
- *Teachers from each University will accompany and participate*
