

## TARAU Master i robotik och automation (Master in Robotics and Automation), HT-19 / Class 2019

Kurskod/Course	Kursbenämning/Course name	Högskolepoäng/HE	Veckor/Weeks
PTL600	Produktionsledning / Operations management	7,5	201936 - 201945
RMB600	Robotmodellering / Robot Modelling	6	201936 - 201945
RBK600	Robotkörtkort / Robot certificate	1,5	201938 - 201945
RSM700	Robotsimulering / Robotic Simulation	6	201946 - 202003
RBS720	Robotsystem / Robotic Systems	6	201946 - 202003
VTM605	Vetenskapliga metoder inom robotik och automation / Scientific methods in robotics and automation	3	201946 - 202003
RBS710	Automations- och robotforskning / Automation and robotics research	6	202004 - 202013
ATM700	Automationssystem / Automation Systems	6	202004 - 202013
SMA700	Simulering av automatiserad produktion / Simulation of automated production	3	202004 - 202013
RMB700	Robotmodellering II / Robot modelling II	7,5	202014 - 202023
SST600	Sensorteknik / Sensor technology	7,5	202014 - 202023
DEA700	Design av automationssystem / Design of Automationsystem	5	202036 - 202042
POP700	Produktionsoptimering / Manufacturing optimisation	5	202036 - 202045
SYI700	Systemintegration / System integration	6	202036 - 202102
DIF700	Digitala fabriker / Digital factories	6	202043 - 202049
FAU700	Framtida automation / Future Automation	3	202046 - 202102
SER700	Servicerobotik / Service Robotics	5	202046 - 202102
EXC915	Examensarbete / Degree Project	30	202103 - 202122
